Description

Beautiful decorative dish in fine, hard-paste earthenware from Longchamp representing a very pretty floral decoration. The edge of our dish is decorated with a blue combed border in the style of "wolf teeth". It bears under its reverse the brand "longchamp terre de fer" hollowed out in the pâytte. These "terre de fer" earthenwares had the particularity of having a very white paste which gave them the appearance of porcelain. They were developed from 1860. Note three tiny chips on the reverse of the dish without the slightest incident when looking at the dish from the front or hanging on a wall. dimensions: diameter 32 cm Shipping and protection costs 20 euros in mainland France, other destinations contact us.
