

## Art Nouveau Lantern

750 EUR

Period : 20th century

Condition : Bon état

Material : Wrought iron

Diameter : 22

Height : 70

### Description

Rare Art Nouveau lantern in wrought iron with a ginkgo biloba tree decoration, very characteristic of this period. Beautiful size of 70 cm in height. It is divided into 4 walls (one of which opens with a latch) of curved, hammered glass plates, amber in color with the elegant ginkgo tree in the center. The bottom also has a hammered glass plate. Note a lack of claw, inside the door, which holds the glass, once in its suspended position the lamp is quite stable.
