Description

Iolite Diamonds 0.12 Carat 18K White Gold Stud Earrings Elevate your style with these elegant stud earrings, expertly designed to showcase the natural beauty of gemstones. Combining the sophisticated brilliance of 18K white gold, the profound charm of emerald-cut iolites, and the subtle sparkle of brilliant-cut diamonds, this pair is a must-have for any fine jewelry collection. - Material: These earrings are crafted from 18K white gold, an enduring classic that enhances the intensity of the stones while ensuring exceptional durability. The white gold backing adds an elegant finish and provides optimum comfort for everyday wear or special occasions. - Iolite (Emerald Cut): Each earring features an emerald-cut iolite, with geometric facets that catch the light to reveal its beautiful blue-violet

hues. Known for its unique beauty and captivating reflections, iolite adds a touch of natural sophistication. - Setting: The stones are secured with a four-prong setting, ensuring security and optimal display. - Brilliant-Cut Diamonds (0.12ctw total): Set above each iolite, these diamonds add a subtle, refined glow. With their brilliant cut, they maximize light reflection and perfectly complement the iolites. - Mounting and Design: - The tight shank delicately exposes the stones, allowing for optimal interaction with light. - The minimalist design highlights the gemstones, achieving the perfect balance between simplicity and elegance. - Length: The ideal size to enhance your look without being overwhelming, suitable for all face shapes. - Lightweight: These earrings are designed to be lightweight and comfortable, ensuring ease of wear throughout the day or for special events. - Everyday Wear: Their timeless and sophisticated design makes them perfect accessories to add elegance to your everyday look. - Special Occasions: Ideal for weddings, evening parties or any event requiring a touch of glamour.
