Description

19th-century Victorian Period Tiger bamboo Side TableA charming late Victorian period tiger bamboo side table, beautifully complemented by its original hand-painted top. The scenic top showcases an elegant depiction of a bird amidst floral scenery, a motif echoed on the side panels. Below, the table features a practical magazine rack, seamlessly blending function and aesthetics. This piece stands out for its attractive design, warm patina, and untouched originality, embodying the charm and craftsmanship of late 19th-century furniture. Its versatile size and decorative appeal make it an ideal addition to any room, offering both utility and timeless style.
