### Description

This Danish teak desk by Arne Wahl Iversen has been completely refinished by a professional cabinetmaker and is in perfect condition. It consists of a top, half of which can be raised like a desk, allowing for quick storage. On the front, it has two drawers with their respective keys. It has a top with two small drawers. The spacer is made of wood and this desk is all-sided, which means that it can be placed in the middle of a room if desired.
