Marseille Opera in 1924. Finally, he was made a knight of the Legion of Honor in 1920 and an officer in 1928. The Cantini Museum in Marseille, of which he became the Curator in 1934, holds three works by this artist, as does the Musée des Augustins in Toulouse. The painting that I present to you is incredibly modern. The artist wanted to represent part of the port of Marseille with a foot of the transporter bridge in pastel tones with a touch close to Fauvism (broad strokes, balance of very refined colors applied in a single stroke). This painting must date from the years 1905-1920. Very beautiful collector's item. Free shipping worldwide.
