yourself or giving your dad an elegant gift. This watch has a lot of class and is a timeless choice. o
Keywords: Luxury Jewelry, Designer, Vintage, Fashion, Accessories This vintage Bulova Accutron watch is an iconic piece of the 1970s, combining elegance with the advanced technology of the time. Its tuning fork movement, powered by a battery, was a major innovation. An ideal piece for collectors or lovers of classic watches, offered in its current condition and without warranty.
