Important cloud carved in gilded wood from the 18th century.

It has retained its original gilding and was designed in two fairly symmetrical parts.

Probably from an old monumental decoration of an altar or an important altarpiece.

Amazing work of sculpture, unusual and rare to encounter.

It is easy to hang and can be installed above a door, as a canopy, etc.

A reinforcement plate was installed a long time ago on the back.

A superb and amazing cloud in gilded wood.
