Description

Magnificent and very rare decorative plate in Limoges porcelain from the Ballot and Gougnaud decoration workshops based in Limoges from 1906 to 1914. Our porcelain has a beautiful and wide frieze with leafy motifs made in double gold inlay on its border. The wing is decorated with floral garlands, eagles with outstretched wings and stars contained in laurel wreaths. The rim is also decorated with a garland composed of branches and small laurel wreaths. Magnificent work in the purest Empire style. Our porcelain has kept the reference labels under its reverse, thus giving even more rarity to the object. For the informed collector. dimensions diameter 24 cm
