Description

Sold in the condition of discovery:

Astonishing miniature portrait with
Caravaggesque effects.

This is an oil on copper plate representing a
young man in a red cap painted in chiaroscuro.

The lighting effects, the technique and the
expression are astonishingly modern for this
period, he is certainly a very good painter, but to
be identified.

Period: 17th century.

Condition: in its own juice, if this miniature is
seen from afar, its condition appears correct but it
is not perfect when viewed up close.
