Description

Bust of Eros in Bronze with Excavation Patina - 19th Century

Small bronze sculpture in the style of sculptures from northern Italy from the end of the 16th century.

The sculpture has a very pretty excavation patina and was mounted in the 19th century in the manner of an ancient sculpture that one wishes to highlight. The subject is Eros the divinity of love and creative power in Greek mythology.

H.: 17.5 cm

On a base from the beginning of the 19th century (missing part of the right hand, the wings)
