Art Nouveau Cane In Green Glass From The Loetz Manufactory

1 500 EUR

Period : 20th century

Condition : Bon état

Material : Glass

Length : 94,3 cm

Description

Elegant collector's cane with long green glass handle.

Brass ring with the same line decoration in continuity with the handle.

Varnished wooden shaft and horn ferrule.

Work of the Loetz factory.

Note: In the heart of Europe, in Bohemia, the Loetz factory developed a glassware production at the end of the 19th century that was very successful. Characterized by iridescent surface decorations and sinuous shapes inspired by nature, the glassware's vases and cups are part of the Austrian Art Nouveau style (Jugendstil),
