Description

Very beautiful oil on canvas representing a beautiful countryside landscape with a beautiful pictorial technique! Painting photographed in its own juice with its small defects (slight small lacks and canvas relaxed on the right corner of the frame) entrusted to the professional restorer! To carry out all these retouching. Dimension of 55x43 cm. Dedicated: to my friend Berton and probably signed by Berti? Very beautiful touch with a very green palette given by the painter. Visually magnificent! Very beautiful depth and light!
