### Description

A "milli fiori" decoration for this photo frame in colored glass mosaic from Murano Italy from the 19th century. On a blue-green background, here is an oval view with a twisted bronze wire edge and the placement of the photo is rather unusual, in fact, you just have to release the hoop which is held in place by pressure, so the glass is released to place the photo before putting everything back in place.

Dimensions of the oval 5.5 x 4 cm
