

## Pair Of Earrings, Late 19th Or Early 20th Century.

520 EUR

Period : 19th century

Condition : Bon état

Material : Sterling silver

Height : 48 mm

Description
-------------

These charming earrings are made of silver, they are set with white stones called Rhine stones. Playing with the light they shine brightly, they are made up of several elements articulated between them which sparkle according to the movements of the person who wears them. They are equipped with a screw attachment system which allows them to be worn without having pierced ears. They are struck, on the attachments, with a weevil, rectangular punch in force since 1895 for Paris and the Departments. Period late 19th century or early 20th century. Height 48 mm.
