Description

Neoclassical bust of a woman - 19th century

This neoclassical bust represents a woman sculpted in a style inspired by antiquity, characteristic of the neoclassical movement.
The work embodies an ideal of classical feminine beauty with harmonious features, a soft and serene expression and imbued with dignity.
This type of representation with idealized forms is the desire for a return to the sources of art, which theorists believed to be of antique origin.

Height: 30cm with the base - 20cm just the sculpture
Width: 9cm
