

Skull And Crossbones... Nice Nutcracker...atmosphere...

185 EUR

Period : 20th century

Condition : Parfait état

Material : Cast iron

Description

Curious object, more than that you die... It is a cast iron nutcracker, formed of two tibias and a very useful skull this time. Object that I suspect dates from the beginning of the 20th century, which was sleeping in a drawer, under the kitchen table... To leave lying around carelessly if you want, even outside of Halloween parties... it will always have its effect.
