

## A Gothic Trunk For Saint Anthony

225 EUR

Period : 19th century

Condition : Parfait état

Material : Wrought iron

Length : 45

Height : 19

### Description

You were going to finish your devotions and leave the church without putting the coin in the slot of the trunk for Saint Anthony....Unbeliever. You had to complete your prayers and benefit from the Saint's leniency by slipping him the coin... Know that in the afterlife, he would have made good use of it.... Gothic-style wrought iron trunk facade that spent its life leaning against a hiding place in a wall under the benevolent gaze of Saint Anthony, certainly. And then, in the uncertain times that surround us, you never know.....
