Tapestry Fragment, Gobelins Manufactory, 18th Century

750 EUR

Period : 18th century

Condition : Bon état

Material : Wool

Width : 45 cm

Height : 60 cm

Description

Beautiful fragment of embroidered tapestry of wool and silk.It represents a bouquet of flowers (roses, tulips, carnations among others) in a large glass serving as a vase, placed on a furniture tray or an entablature. The upper part is framed by two inverted applique consoles, surmounted by a festoon decorated with palms and acanthus leaves.This fragment is stretched on an oak frame. It is framed by a grooved half-round rod, with ribbon patterns, and a serrated interior border.Restorations of use and maintenance.Period mid-18th century.Dimensions of the fragment without frame: 60x45 cm.
