Description

This fireplace dates back to the construction-period of the house, a Maison Maitre in Laeken-Brussels. 1860-1862. The size of the shelf is only 39.5 inches / 101 cm. So it could be perfect for a little room. The sleek lines of this stylish fireplace provides a subdued, quiet ambiance. The massive jambs are on top modest sculptured. The Saint Rémy marble is a beloved (Sud)-French marble, because of its soft toned red-orange-grey colors with white veins. A fireplace to love. Will be delivered with old marble floortiles, like Carrara and/or Saint Rémy. Also in our stock: Original decor-foyer tiles to finish the opening, a perfect option if you go for a real open fire. Worldwide shipping. Delivery in Europe can be done by Antique Fireplaces First: 'In House Delivery'.
