Description

Superb tiny painted bronze subject, representing the parade of wood pigeons teasing each other on a rectangular bronze base. Chiselling is as usual for this quality, extremely fine, colors are still there, small red legs and eyes, gray, black, but there are still some lacks of color, normal for period: (cold painted). I did not see any mark ...
Charming animal object, size: 6.6cm x 4cm x 4cm.
Good condition, a little wear, no breakage.
This object is for immediate purchase, payable by credit card or paypal.
