

Hanging Earthenware Fountain

480 EUR

Period : 19th century

Condition : Parfait état

Material : Earthenware

Width : 22 cm

Height : 66 cm

Depth : 14 cm

Description

We present this charming earthenware fountain from the end of the 19th century. It is probably from Strasbourg, in any case from the East of France, in impeccable condition. It must hang on a stylized wooden support. The upper part of the cover represents a fish head with the catch and at the bottom of the body of this fountain hanging from the tap a putto. (E24)
