Description

Important Torso Column in Gilded Wood from the 18th Century, carved with leafy branches swirling on the twist. Important twisted column in gilded wood decorated with leaves and flowers and topped with a Corinthian capital. resting on a base and comprising a tablet, all gilded and lacquered and with beautiful gilding highlights. Some missing parts visible in the photos.

a twisted column probably an old element of an altar or altarpiece early in the 18th century and ideal as a presentation column for a lamp or a bronze, a statue or a marble, thus forming a sober and spectacular selette at the same time.

dimensions:
149 cm high and 36 cm by 36 cm
