Inside everything is complete...

With its five small trays where each decoration is unique...

Note that in the art of the table and the art of tea the objects are in fives and not in sixes as with us...!

There are also five identical boxes for the size, there too the decorations are different and complement each other...

There is a small tray on four small feet...

As well as a box with a lid bigger than the others...

And two last boxes there also with different decorations which complement each other...

To take out all the boxes two holes on the back allow them to be pushed out of their housing...
