Eyeball Floor Lamp In Chrome Metal

400 EUR

Period : 20th century

Condition : Bon état

Material : Silver metal

Diameter : 22 cm

Height : 161 cm

Description

Authentic 1970s eyeball floor lamp, with two lights in chromed metal.

The lights in the globes rest on metal arcs, and are thus tiltable for more or less direct light.

Good general condition, there are scratches on the globes, and on the base.

Original electricity, works perfectly, no switch and short cable.

Bulbs to use : Large E27 screw base.

We have a second floor lamp also for sale on our page.

The two lamps are visible in the last photo.

Possibility of collection on site, or contact us for a possible shipment.
