

Pair Of Andean Terra Cotta Candlesticks....pre-hispanic

135 EUR

Period : Before 16th century

Condition : Parfait état

Material : Terracotta

Width : 21 cm

Height : 32 cm

Depth : 9 cm

Description

Terracotta objects, pre-Hispanic, pre-Columbian, no one knows, as the "design" seems so modern, timeless. Anecdote, the previous owner told me that these objects had been exchanged to recover a debt... would we imply a value other than sentimental? In any case, these two candle holders are in perfect condition, the sun with the anthropomorphic face is in relief marked on the two front faces.
