Description

Large vintage lamp in gilded brass and black leather with its lampshade from the 50s and 60s. Very interesting light fixture of great elegance first by its neo-classical base in black leather covering highlighted by a gilded brass frame quite in the taste of the designer Roméo Réga from the 60s. Note the presence of the magnificent original lampshade painted by hand and also in excellent original condition giving this lamp an extraordinary presence. Very nice size of the set, height 69 cm, allowing use in a large living room or on a beautiful desk. Possibility of sending in France and worldwide by secure and insured package with order tracking. Invoice and certificate provided. Very beautiful light, very soft diffused.
