

N'tomo Bambara Mask, Mali

1 200 EUR

Period : 20th century

Condition : Etat d'usage

Material : Solid wood

Description

Old price 750. The N'tomo among the Bambaras is a secret society for initiating young uncircumcised boys. They are blackened in the fire then receive earth, oil, flour ... which gives it this beautiful dark patina crusted in places. According to the Malian collector, it comes from the Koulikoro region. It is old (first half of the 20th) and in good condition, measures 50 cm in all with a very beautiful patina. I really like its sober shape, very refined, very modern.
