

## Oil On Cardboard, Medieval Feast, 19th Century

1 400 EUR

Period : 20th century

Condition : Très bon état

Material : Oil painting on cardboard

Width : 54.5

Height : 27.5

### Description

Our work depicts a lord seated on his throne, served by a young girl and surrounded by his guards.

With a lively and expressive touch, the anonymous artist transports us to a typical scene of the Middle Ages.

We see the lord visiting his lands, accompanied by his court, including a monk to dispense justice, while on the right, an exhausted jester bears witness to the long march undertaken.
