

## Liliput Drp.40720 Watchmaker's Curiosity

200 EUR

Period : 19th century

Condition : Bon état

Material : Cast iron

### Description

Instrument to be identified from an old watchmaker's stock. Cast iron hand vice, brass plate. The crank operates three wheels with notched teeth, a small slot allows a metal wire to slide, for the rest I give up, information welcome, I was told "to make watch springs"... > missing the nut / screw to maintain the pressure of the wheels, at the level of the upper brass rod which has a small hole at the punch, see detail last photo. Dimensions: Height 14.5 cm X Length 11 cm approximately Price not negotiable. Payment by check or bank transfer. Shipping costs colissimo France or Mondial Relay 12 euros, other countries contact me.
