### Description

Important pair of Pastels from the 19th century with Pretty Young Women in the spirit of Louis XV.

The first:

This is a delightful pastel from the 19th century representing a young woman in the spirit of the 18th century, lying on a cushion and holding a jewel while giving herself over to her thoughts, to daydreaming.

She is wearing fashionable clothes from the Louis XV period and the interior behind her is also from the Louis XV period.

A beautiful languid young woman.

The second:

it could be the same young woman but this time

dress and a bow around her neck.
