

## Beautiful Taxidermied Mustelid

185 EUR

Period : 20th century

Condition : Parfait état

Material : Other

Length : 66

Width : 14

Height : 33

### Description

Puzzle, the museum label got lost... since then I have been looking and hesitating between: ermine, weasel, marten, sable, ferret, pine marten.... In any case its beautiful little teeth clearly show its carnivorous intentions, I opt for a mountain weasel because of its beautiful coffee-with-milk fur....
