

Rare Cameleon

365 EUR

Period : 20th century

Condition : Parfait état

Material : Other

Diameter : 16 cm

Height : 25 cm

Description

From museum display case to cabinet of curiosities, the life of this chameleon in his jar of alcohol is not easy, ... everyone turns the glass vase to observe it from all angles, so much so that he sticks out his tongue ... as if to do something on purpose to those who disturb his eternity. I suppose that on your shelves, he will find more peace ...
