

Tibetan Folk Art Spice Box

235 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Length : 36.5 cm

Height : 22

Depth : 12

Description

Oh I think this spice box is from the 19th century... because the previous owners were also already centenarians... The photos clearly show the articulation of the thick lid, which hides the three spice compartments. Himalayan cedar object, rural and authentic.
