Description

17th century walnut chair with arms At the beginning of the 17th century, the design of the chair evolved to give the model of the chair "called Louis XIII" announcing the armchair The chair widens, lowers, armrests are born and the upholstery becomes fixed and more comfortable, padded with horsehair The base of our chair with arms composed of 4 legs turned in a twist are connected by a straight H-shaped spacer The crosspiece and the armrests are also turned with twisted sides. The backrest remains straight and entirely covered in fabric, like the seat
