Description

This oak sideboard opens with two moving doors veneered with strips arranged in a deployed manner. These doors mounted on hinges are equipped with functional original locks. Each gives access to a fixed shelf. The central section includes a small sliding glass door and below, three drawers, with aluminum handles, the interior of which is lined with green felt. It rests on four tapered legs slightly inclined outwards, typical of the furniture style of this period. This sideboard is remarkable for its vintage and futuristic aesthetic reminiscent of the Space Age style, as well as its functional design which reflects the craftsmanship of the 60s. *****
