Description

Very beautiful art deco vase by Daum. A very beautiful example, very graphic, typical of the art deco period with these lateral lines entirely cleared with acid and which give this granite effect between the interstices of these bands.

Large model of 34 cm in height and 21 cm in diameter, almost 4 kilos. Perfect condition, signed "Daum "cross of lorraine" nancy France" in a notch at the base, around 1925. A very beautiful art deco model, timeless. To place as much on an antique piece of furniture as very modern.
