

## Pair Of Bronze Wall Sconces - 19th Century, Electrified

2 100 EUR

Period : 19th century

Condition : Très bon état

Material : Other

### Description

A pair of finely chased ormolu sconces from the 19th century. These elegant pieces, adorned with acanthus leaf motifs and scrolls, embody the refinement of the classical style. Originally designed for candlelight, they were later electrified, while retaining their period charm. Ideal for adding a touch of elegance and character to a sophisticated interior.
