Description

**JACQUES DUFRANE**

"Vaisseau / Poisson"

Brutalist assembled sculpture in patinated welded steel, ca. 2000. Perfect condition.

Biography

Artist by vocation but technician by training and founder at heart, Jacques Dufrane drew inspiration from his professional environment. Among a set of small industrial parts, he found the raw material for his creations. His assemblages are, above all, deeply autobiographical. They act as memories and traces, reflecting his life as a founder. Each piece tells a story, extends it, gives it continuity and meaning. In turn, this life experience shapes their distinctive style.
