Description

Large modernist and abstract sculpture in chestnut wood. Height 212cm. Provenance from the studio of Roland LAVIANNE (1948-2022). This collection was acquired in collaboration with @igmarstuer (Aalst - Belgium) and @pschantiques (Paul Bert market, Paris Saint-Ouen). We present here one of the two largest sculptures to come out of his studio. Simplifying forms to the extreme, Roland LAVIANNE develops a powerful play of volumes, shapes, lines, using light as a building material. Roland LAVIANNE translates a real mastery of the balance of volumes and lines of force, the characters, immobile and dynamic, seem to weave a theatrical conversation forever suspended.
