7 850 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Diameter : taille  :54.5

## Description

Modern dome ring crafted in 18K white gold, dating from after 1970 and fully pavé-set with diamonds.The design is built around a gently flattened dome measuring approximately 2 cm in diameter. The diamond-set surface creates a continuous play of light, while the generous volume of the setting gives the ring a strong presence on the hand.The diamond pavé follows the curve of the dome and enhances its graphic character. Sparkling across its rounded surface, the ring offers both visual presence and a satisfying weight on the hand. Despite its generous volume, it remains comfortable on the finger, creating a subtle balance between softness and strength.Details:o Period: modern piece, after 1970o Metal: 18K white goldo Hallmark: French eagle's head hallmarko Diamonds: estimated total
