Description

Important Art Nouveau planter by Clément Massier in Golfe Juan. It is signed in hollow under the base, superb decoration of iris flowers and others with gold applique highlight including many insects. Of an unusual shape, it is surrounded by five sockets. A chip on the inner edge has undergone a restoration of approximately 1 cm (see close-up) We have a photo of the chip before restoration as well as other photos on request. Very beautiful size 35 CM high for a diameter of 54 cm. Superb.
