#### Description

Very beautiful scene from the end of the 18th century, very early 19th century with different putti playing, picking bunches of fruit, pressing them, harvesting them or dancing in front of a nymph who watches over them. This theme was often represented in the 18th century. It is a gray ink wash, which is not signed with great finesse and very decorative. Double blue mat (old contemporary with the work) and more recent Pompeian red; Beautiful old frame with a beautiful patina of beautiful format: 31.5 x 51.5 cm.
