### Description

Rare, strange, curious, astonishing, mysterious, well I'll stop there... My research on the net did not allow me to determine whether it is a statuette of Saint Paul or Saint Longin??? Astonishing ambiguity: the Roman soldier in all his presence is rather a symbol of masculinity, virile, even brutal, conqueror, soldier... uh, without wanting to shock anyone, here, our legionnaire, does not give this impression. Wax subject dressed in his silk "tunic" which has lost its splendor, sketches a dance movement, in his original finery, under his glass globe.
