Description

"Monix" lamp invented by Maxime Lokiec. A patent n/ 543 890 was filed in 1922 and consists of the application of a spring which brakes the articulation ball, mounted on a long vertical rod. High desk lamp with circular base in chromed metal and height of the shaft adjustable by a screw. The inclination of the lamp is also adjustable. The tulip is in molded glass with art deco floral pattern, in pink monochrome and smoked glass.
