19th Century Paris Porcelain, Louis Philippe Period Head-to-head

890 EUR

Period : 19th century

Condition : Bon état

Material : Porcelain

Length : 37.5 cms

Width : 25 cms

Description

The refinement of this Louis Philippe period coffee table shows the taste for nature, the romantic period. Here the decoration represents pansy flowers and forget-me-nots with bright and warm colors. The gilding is very beautiful in quality, only a trace of erasure is to be noted on the tray. The photo of the tray shows slight scratches from use. The dimensions announced are for the tray.
