

Mahogany And Brass Telescope, Circa 1880

80 EUR

Signature : inconnu

Period : 19th century

Condition : Très bon état

Material : Brass

Description

Three-drawing marine telescope made of brass and mahogany. The telescope is not signed but certainly French, dating from around 1880. It has retained its protective cap for the objective. It measures 20.8cm folded, 59.2cm unfolded and 4cm in diameter. Despite the lack of the protective slide on the eyepiece, very good original and working condition.
