Description

Italian coffee table from the 1960s Abstract decoration in turquoise, green and gold glass A graceful, simple and discreet iron base with a matte black surface serves as a plinth. It is topped with a 1.5 cm thick glass top, provided with a circumferential bevel. The glass top is decorated with a thrown decoration of stylized classic vases with a meander decoration. These very light turquoise or gray vases are scattered throughout the plate and constitute its central element. Behind them is an abstract surface in cloudy turquoise green color, with very fine geometric gold threads that intersperse like., a net. The composition comes to life thanks to the color and the design. This is an extremely original and particular table. The thickness of the top and the foot is 1.5 cm.
