Period : 20th century

Condition : Parfait état

Material : Glass

Diameter : 3 cm

Description

A pioneer in the creation of costume jewelry, the American Miriam Haskell had the idea against the grain of not copying the great jewelers but of offering new and daring creations in costume jewelry accessible to the greatest number. The public was there immediately as well as the world of entertainment and Miriam Haskell quickly made a name for herself. Here is a pair of earrings bearing her signature on the dark patina metal structure which accommodates gemstones in a blue and black harmony.
