6 735 EUR

Period : 18th century

Condition : Très bon état

Material : Walnut

Width : 133

Height : 94

Depth : 55.5

Description

Already one of our favorite 2025s and perhaps the most beautiful chest of drawers we have ever had in our collection. Originally from Italy, this chest of drawers dates back to the 18th century. Made of solid walnut wood. It is a deep dark brown, almost black. Fantastic large original hardware that matches the size of the chest of drawers. It stands on small bulbous feet.
